BOTTOM ROW: Steve Delorme, Gary James, Bruce Marcellus, Rob Mallory, Rick MacLeod.

Junior Football Team

BACK ROW, Left to Right: Cam Thompson, Duncan Burch, Gord Young, Ken Kingsbury, Jon Ellis, Paul Biddell, Bob Morris, Darrel Pichalo, John Avery.

Seniors

Bell High's football teams showed us this year that they may have a lot of what it takes to make a first place team. The juniors came on strong with five great wins and only two losses. Thanks to Coaches Hanwell and Clark and the boys, we can look forward to another great season next year.

The seniors came up with two fantastic wins after a depressing four year drought. Unfortunately, they haven't proven yet that they can do it at home, but at least there's hope!

All of the victories would not have been possible without the help of the super Spirit Squad. They attended every home game, rain or shine, and even a few games away from home. The excitement they generated (along with the football teams, of course) showed all of the visitors what an enthusiastic bunch of kids support Bell.

The Booster Club distinguished itself this year by its unique signs. They could be seen plastered on the walls advertising all school functions, in particular hockey games. Without the Booster Club's buses to hockey games at Rockcliffe Arena, Mr. Goodwin and his Bruins would not have had quite as much support. You can also thank the Booster Club for the great dance in January which eliminated the back to school blues.

The Key Club this year sponsored a Can Drive which was unsuccessful due to well known student apathy. However, they did have booths at Fun Night which provided amusement for all who attended.

Drama Club

Bell's drama club was a great success this year due to the time and effort the members devoted to it. They rehearsed every noon, after school and even on weekends and ended up with a play, Fools Errand, which won two awards in the South Carleton drama festival; best actor and best costumes. The play was also entered in the Ontario Collegiate Festival at Woodroffe. The membership continually expanded, and best of all, they enjoyed themselves.

Prefects

The Prefects created a new image this year. They ignored the kids missing the garbage pails with their lunch bags and participated in more worthwhile efforts. They ushered at Commencement and the band concert, helped with the brush-in, and the T.B. tests, and acted as the happy mediums at the parent-teacher interviews. They also helped some of the students in scholastic endeavours. Thanks to Mr. Bennett for his organization of the club and their activities.

The Ski Club was undoubtedly the most publicized club of the year. A trip to Mont Ste. Marie was planned early in the season and a more successful one to Edelweiss in January. But the big event of the year was the week-end trip to Jay Peak, Vermont. When the money for the trip disappeared a few of the sympathetic teachers loaned the required amount. They were paid back a week later at the fantastic Broken Ski Dance. This dance was a smashing success and the Ski Club and their fearless leader Mr. Goodwin were exuberant over the amount of school spirit which accompanied the kids to the dance.

In September the Library Club began their first full year of operation in their new quarters. Up to the end of February, about 25,231 students reserved space during school hours for reading, study, and research. Before, after school, and at noon, they crowded the tables, shelves, and lounge. The students and teachers borrowed 23,961 books, and 689 titles were added to the collection which now total about 16,400.

Library Club members helped with all the services: circulating books, processing new ones, keeping shelves in order and helping with bulletin board displays. In addition, they met each Tuesday at noon for lunch and a sociable work period.

Lonely Hearts Club

The Lonely Hearts Club has failed once again this year in its prime objective. Needless to say the girls will be back to try again next year. Due to lack of support the club did not gain much recognition in the course of the year and the girls had a miserable time. Aren't they the picture of depression? For the first time since the initiation of this club, a Miss Lonely Heart of the Year was chosen. Miss Purity Pimpernel was the lucky girl and the princess was the lovely Prudence Hickey who was out to lunch at the time the picture was taken. For all you young eligible bachelors who missed the girls this year, they will be out in full force, decorating the walls at dances, next year. By the way boys; make sure you're babysitting at the time of future Sadie Hawkins Dances.

Band

This year, the Bell Band again had an extremely active year. Mr. Wood was new as our conductor, but under his skillful hands, we took part in the Ottawa Music Festival, did a public school tour, and had a very enjoyable trip to Stowe, Vermont.

We were able to achieve much of this through the fine support we received from the school at concerts, and through various fund-raising activities. We added 10 uniforms to our wardrobe and awarded for the first time, the Remo B. Biocati Memorial trophy.

For the band, the year has been filled with activity, school spirit and music.

We saw a lot of action on the basketball courts this year. The junior boys made it right up to the city semi-finals, but were unfortunately defeated at this point. The junior girls entered a tournament of 4 teams tied for second place in our division, and that's as far as they got. The senior boys, in spite of their efforts, were eliminated in their division. An exciting game at Rideau ended the season for the senior girls, but their "Saga" speaks for itself. All in all, we can look forward to an interesting season next year.

Tall and steadfast, small and true,
This is our team presented to you.
Our big line consists of Pat and Trish
Joan, Jo-Anne, and Loretta the "swish"
Caralyn and Cheryl and Judy Reid
Dribble the ball for the little line's
speed.
Joanne and Nancy are the little line's
guards
Often hitting the floor extremely hard.
Our coach, Miss Morgan, as you can see,
Gets along swell with the referees.
Vonny has trouble arriving on time,
But her managing job she does quite fine.
Our southwest league we slaughtered
with
ease,
Emerging sorely, with many bruised
knees.
In the quarter finals we defeated
Laurentian,
But not without considerable tension.
Up to now we had ne'er a defeat,
And we were quite confident we could
never
be beat.
But November 14th, to our dismay,
Turned out to be the fatal day.
Rideau won, but the fans of Bell
Returned that night with a story to tell.
The Bell Bruinettes had done and died.
They fought like hell, and always tried.

The boys' cross-country team was another one of Bell's many successes. They represented our district in the Ontario finals, and came home with individual and group trophies including the Ottawa High Schools Intermediate, and the Grand Aggregate for the fourth year in a row.

The girls also did an excellent job in representing our school, and made some outstanding individual contributions.

We can always count on our runners.

The boys' cross-country team was another one of Bell's many successes. They represented our district in the Ontario finals, and came home with individual and group trophies including the Ottawa High Schools Intermediate, and the Grand Aggregate for the fourth year in a row.

The girls also did an excellent job in representing our school, and made some outstanding individual contributions.

We can always count on our runners.

The mixed Curling Club curled Thursday at the Granite Curling Club this season with students from Sir John A. MacDonald. Mr. Peyton and Miss Macdonald were this year's advisors.

The girls and boys clubs curled Monday nights at the Cityview Curling Rink in the Interscholastic Curling League, West Division. At the time of writing the girls are in fourth place in the league and the boys hold second place. Both teams have fared well this year.

Bell's perennially winning hockey team made an excellent showing again this year, with a record of 12 wins, 7 losses and 1 tie. Hockey, like all great sports, takes determination, stamina, and good coaching, all of which were contained in this year's club.

All the hockey games were exciting and many Bell fans turned out all year to back up their team. This boosted team spirit and helped prove our team could win away from home. All players played excellently too.

Key wins in the year were a 1-0 win over Champlain to obtain third spot in the standings and a play-off game against Champlain which was a 4-1 victory.

Special mention must go to Captain Pete Brousseau, who scored 23 goals and assisted on 7 others in 20 games, and Pete Crepin, who come in on the second half of the year. The goalies, Mike O'Grady and Fred Bauer also did a good job.

Win, lose or tie, Bell High can be very proud of their hockey team. Better luck next year.

As in past years, the Bell Wrestling Team had a fantastic season. They captured the West Ottawa League Pennant in which they are undefeated and the Ottawa City and Valley Championships as well. In the Valley meet individual champions were Albert Mallory, Dave Williams, and John Kennedy. Gord Alward placed third in his class. This an outstanding record of which the school should be proud.

The novice Wrestlers just took part in one tournament, which they won. There were three individual winners, Bob Walker, Brian Hill, and Gord Alward.

α DIFFERENT university . . .

because University of Ottawa is precisely what Canada is all about : English- and French-speaking peoples living together, sharing their heritage, learning, discovering, teaching and co-operating in the continuing development of a fine university.

The University is neither French nor English : it is bilingual. Students and professors work in an atmosphere that leads them to want to know, and to understand, the fellow-Canadians of both languages with whom they will help shape and develop this country. The University is a meeting place with an educational program tailored for Canadians.

University of Ottawa is Canada in miniature . . . a University with a difference !

To help shape the Canada of tomorrow, shouldn't you consider University of Ottawa today ?

CARLETON UNIVERSITY

Choosing a university is difficult. It is also important. Your choice commits you to a specific academic, social and physical environment.

At Carleton we have 6,105 full-time students on our Rideau River Campus and 950 on our St. Patrick's College Campus, Not too big.

We sit on a wide open campus bordered by the Rideau Canal and the Rideau River. A campus where you don't have to dodge traffic to get from one building to another. And if you want to escape for a while you can stroll through nearby woods and parks.

And in the Capital, we're next to a living sourcebook of information. For example, there's the National Gallery, National Arts Centre, National Museum, National Library and Archives, numerous diplomatic delegations and federal government offices.

On campus there are 61 clubs, a winter and summer cultural program, five residences, and a full athletics program.

We offer degrees in Arts, Science, Engineering, Commerce, Journalism, and Architecture. If you're interested, write The Registrar, Carleton University, Colonel By Drive, Ottawa 1, Ontario, for more information.

ST. PATRICK'S COLLEGE

In this age of the multiversity, St. Patrick's College offers something different. For one thing, we like to think small. With only 950 students you learn in a convivial atmosphere; you get personal attention.

It's an atmosphere where people are important. Where people get involved.

We like to experiment with new ways of learning. The emphasis is on small classes, seminars, discussion groups and interdisciplinary exchanges. You may find yourself teaching a professor on occasion. That's good for him. And it's good for you. We study liberal arts. Liberally.

And because we're part of Carleton University, we share in all the facilities, resources, and activities of a larger university.
